

Children safely 'behind bars'

THE children of class 3A at Jeffreys Bay Primary School are safe behind bars now, thanks to Ferdi and Telana Pieterse, franchise owners of Trellidor Jeffreys Bay. The Pieterse family donated the security barrier after being approached by their teacher, Mrs Swart. She took fright after three suspicious characters walked unannounced into her classroom one afternoon while she was preparing for the following day.

"Nothing happened, fortunately, but it did make me think about how easily it could have turned out for the worse," she said, "so I approached Trellidor to see if they could help." Ferdi and Telana were delighted to assist and were rewarded with happy smiles and a lovely thank you letter from the children.

Pictured here with the class and Mrs Swart safely locked up behind their Trellidor is Ferdi Pieterse.
